al) be under no obligation. Dr.  
 Pierce during many years of ex-  
 perimentation has discovered a med-  
 icine which is thirty-seven times more  
 powerful than lithia in removing uric  
 acid from the system. If you are suf-  
 fering from backache or the pains of  
 rheumatism, go to your best druggist  
 and ask for a 50-cent box of "An-uric"  
 set up by Dr. Pierce. Dr. Pierce's  
 favorite Prescription for weak women  
 and Dr. Pierce's Golden Medical Dis-

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

#### Funeral This Morning.

Funeral services for William N. Hall, the author and teacher, who died Friday, will be conducted at 10 o'clock this morning in the Brown mortuary instead of at 2 o'clock this afternoon as previously announced. Talk by Miss Alsop.

Miss Elma F. Alsop, M.D., for four years associated with St. Elizabeth's Hospital, Shanghai, China, is spending the winter in Southern California. She will give a talk on the medical work of the missionary to the Woman's Auxiliary of St. Paul's Cathedral at the residence of Mrs. D. Haworth, No. 517 S. Harvard boulevard, at 2:30 o'clock this afternoon. Evangelical Debate.

A triangular simultaneous debate will be held Friday afternoon between Los Angeles, Hollywood and Long Beach high schools. The question will be "Resolved, that the State of California should adopt a commission form of government." Los Angeles High School will uphold the affirmative in this city and the negative in Long Beach.

Boy Farmers Due Today. Twenty-eight prize students of the State Agricultural College at Berkeley will arrive this morning at 7:15 o'clock on the last leg of an 8000-mile inspection trip over the country. The party will be met by a committee from the Chamber of Commerce and taken for a trolley trip through the citrus districts. They will be entertained at noon by the Whittier Chamber of Commerce at Luncheon.

Brig.-Gen. A. L. Mills, U.S.A., Chief of the Division of Militia Affairs, Washington, D. C., arrived from San Francisco Sunday and was at the Alexandria until last night. Gen. Mills served in the Spanish-American War, the Philippine insurrection and in several Indian uprisings. In 1911, when trouble was expected and United States troops sent to the Mexican border, Gen. Mills commanded the First Separate Brigade at Galveston. He is on the way back to California.

Edward F. Trefz, field secretary of the Chamber of Commerce of the United States, will be the principal speaker at the next smoker of the chamber to be given next Tuesday night. Mr. Trefz will tell of the national organization, of its phenomenal growth in the three years it has been organized and of the important bearing its membership of 300,000 representative firms and business men have in directing the commercial affairs of the country.

It was announced yesterday that Mrs. Bob Fitzsimmons, wife of the former champion pugilist, will be baptized at 2 o'clock tomorrow afternoon at the Broadway Christian Church, by Rev. E. E. Haring. Mrs. Fitzsimmons has recently been in the County Hospital, and is now at the White Cross Home, No. 3512 Arroyo Seco avenue. Seats for the Mayor and Mrs. Sebastian, the clergy, Christian Endeavor Societies and members of the White Cross will be reserved at the church tomorrow.

Woman's Republican Club Lecture. Prof. Charles Alexander will lecture under the auspices of the Woman's Republican League at its headquarters, No. 708 Title Guarantee Building, Friday afternoon, on "Paul Laurence Dunbar." Mrs. Frederic Richardson, president of the league, will be assisted by Mrs. William H. Judd, Mrs. M. E. Graves and Mrs. Adeline Durkin in arranging the affair. The public is invited and the proceeds will be used in the work of the next campaign.

Oppose Military Training. The following resolution was passed at the South Main-street Methodist Episcopal Church during the services last evening and presented to the public at large over the signature of Rev. George Steed, pastor: "To the Board of Education of Los Angeles city: Whereas, in consideration of the fact that it has been proposed to introduce compulsory military training into our schools, therefore be it resolved that we, the official and congregation of the South Main-street Methodist Episcopal Church, do hereby voice our protest against this proposed measure, introducing the spirit of militarism into our public schools and high schools."

TWO CHURCH BAZAARS. Women of the Union Avenue Methodist Church will hold a bazaar Friday afternoon and evening. A cafeteria supper will be served at 8 o'clock and attractive booths will be filled with articles suitable for Christmas gifts. The annual November bazaar of the First Congregational Church will be held Thursday, day and evening. A feature will be the chicken pie dinner to be served at 6 o'clock, when forty men and women prominent in the church will be hosts and hostesses in the dining-room.

## BELIEVE BLAZE PURPOSELY SET.

POLICE TO INVESTIGATE FIRE FROM ALL ANGLES.

Starts on Two Floors of Vacant Apartment-house at Same Time, Officer Reports—Guts Frame Building After Getting Out of Control of Fire.

Fire believed by the police to have been of incendiary origin early last night gutted the Maxwell apartments, No. 215 West Twenty-eighth street. The loss, according to the fire department, was about \$5000. The building, a two-story frame, was owned by Mrs. M. E. Pierson and was vacant. The fire department was notified before the blaze had gained much headway. Burning on both floors, it broke from control and before it was extinguished had raced through the entire place.

According to Motorcycle Officer Ellsworth of University Station, who made a careful investigation of the fire, it was incendiary. The officer discovered it had started on both the first and second floors at the same time. Neither fire had burned through the floor when the firemen arrived.

Both the firemen and the police found marks upon the walls which they think show some oil was poured about the place. A number of old rags and some waste paper was also discovered in a number of the closets.

According to Mrs. Pierson, the persons to whom she had leased the apartments moved from the place about two weeks ago. She declared last night she had been planning to have the house remodeled and to manage it herself.

Police detectives will be detailed today to investigate the case from every angle. Mrs. Pierson declared last night that she was at a loss to explain the fire, unless it was the work of some unknown enemy.

## PERSONALS.

Lieut. W. F. Newton, U.S.N., commander of the submarine H-3, is a guest at the Clark.

Among the guests at the Alexandria is George A. Dixon of San Francisco, manager of the Argonaut Hotel.

W. G. Page of San Francisco, a prominent mining engineer, is a guest at the Angelus.

E. D. Higginbotham, a prosperous oil man of Redlands, is studying local oil fields. He is a guest at the Hollenbeck.

H. S. Nye, a novelty goods manufacturer from Chicago, is touring the Coast cities on business. He is a guest at the Hollenbeck.

So impressed with the beauties of California was E. O. McGuffin of Los Angeles, who is touring the country and studying American business methods. Mr. McGuffin, who is a general merchant with considerable export business, arrived from San Diego last night and will go to San Francisco in a few days.

Among the tourists to arrive at the Alexandria yesterday were Mr. and Mrs. George W. Myers and daughter, Miss Barbara, of Dubuque, accompanied by Mrs. C. B. Nash of Omaha. The tourists, who are prominent in the social and financial circles in the Middle West, plan to remain several days.

## FIGHT AGAINST SWELLING TIDE.

Schmidt Lawyers Grabbing at Straws in Evidence.

Cling Pathetically to Idea that Ink Bottle Burst.

Seek to Impach Identifier of Ruin Photographs.

The first witness to be placed on the stand this morning in the trial of M. A. Schmidt on the charge of the murder of Charles Haggerty will be Frank A. Garbutt, a member of the committee appointed by (then) Mayor Alexander to determine the cause of the explosion that destroyed the original Times Building on October 1, 1910, and caused the death of twenty men.

William Mulholland and Julius Koebig, also members of the committee, will be called to testify that the building was destroyed by dynamite, will then be called.

It is quite probable that the direct testimony of these three men and their cross-examination will occupy a large portion of the present week.

Much of the time in yesterday's proceedings was taken up in the introduction of evidence regarding the plans of the original Times Building. John P. Krempel, architect of the building, was on the witness stand a portion of the forenoon and all of the afternoon.

Dist-Atty Woolwine introduced during the forenoon enlarged photographs of the ruins, taken immediately after the explosion and fire and within the following few days, and also the original plans of the building as prepared by Architect Krempel.

Mr. Krempel described the general character of the building, and gave much detail regarding the arrangements of walls, partitions, archways, windows, stairways and elevators, and told in detail the location and character of the dynamite used.

STORY OF EXPLOSION.

John Beckwith, police reporter for a morning newspaper, told of hearing the explosion, seeing a column of smoke shoot above the building and then the burst of flames from the windows. He told of four sailors who got out on a swing and made use of it for a life net in rescuing people from the burning building.

"Were they covered with ink?" asked the defense counsel.

"They were not," was the response. Charles E. Lovelace, who was in the editorial room, told of his experiences in the explosion and of going to a window and dropping to the pavement.

Lorin A. Starr, a stereotyper, declared that when the explosion occurred, it "seemed as if the floor burst right through, about thirty-five or forty feet away," and that he then jumped out on the roof of a rooming-house adjoining the building on the east.

Alfred E. Adams, who at that time was a member of the police department, identified the photographs introduced by Dist-Atty. Woolwine as photographs that had been made under his direction immediately after the explosion.

The defense counsel attempted to gain some comfort in questioning Mr. Adams regarding the condition of the ink tank at "Ink Alley."

"Do you remember a big hole in the ink tank?" asked Attorney Harriman.

"I do not," replied Mr. Adams. "I think there was a small round hole in the tank."

Mr. Harriman handed the photograph to the witness and asked him if he could not see a large hole in the picture of the ink tank.

"I cannot see any big hole there," replied the witness.

Mr. Harriman asked this witness if he had not been at the Alexandria Hotel about 4:30 o'clock last Thursday evening, and there in the presence of Messrs. J. J. Lefebvre and Oliver whether he had not stated that he knew nothing about the photographs that would be introduced, but that he would testify anyway, because the man (Schmidt) deserved hanging.

"Most certainly not," was the prompt response of Mr. Adams.

Defense Counsel Coghlan and Harriman stated last evening that they will try to secure permission from the court this morning to introduce testimony in an endeavor to impeach the testimony given by Mr. Adams.

## WOMAN WHO SLEW HUSBAND FREED.

IS EXONERATED BY CORONER'S JURY AFTER TELLING SAD HISTORY.

Mrs. Zephia Pearl Warren, the unhappy woman who shot and killed her husband in their San Pedro home Saturday night after he had beaten her, was exonerated of all blame by the coroner's jury yesterday. Immediately she was released by the police and no charge will be filed against her.

The frail woman told in detail the story of her life, relating how her husband had used intemperance to excess and while under the influence had treated her cruelly. She said he had choked her into unconsciousness several times, and at the time of the shooting was pounding her head with his fist while she buried her face in the pillow.

She then fired a revolver under the pillow, in hope it would subdue him, but she said she had no idea the weapon was pointed at his head. But the bullet passed through his heart, death resulting instantly. She called the police at once.

Until the inquest was held in jail, on a charge of homicide, but this was dismissed after the finding by the coroner's jury.

PLAY-BANDIT INQUEST.

Inquiry Over Remains of Boy Shot and Killed by Constable to Be Held Today.

The inquest over the body of Moses Shubin, the 12-year-old boy shot and killed by Moses Shubin, a cousin 15 years old, last Sunday, will be held this afternoon at Coleman's morgue, Central avenue and Fifty-second street. Representatives of the District Attorney and a Sheriff will be on hand. Young Shubin and his companion, Eacy Divoroff, are detained in the juvenile hall, and several other boys who witnessed the shooting may be placed there when full details are unfolded.

## Military Training.

(Continued from First Page.)

ber of the Board of Education, and by the author of the military training proposal. There were also numerous contributions from the floor.

Mr. Copp declared he proposes that but twenty minutes a day be devoted to outdoor exercises, calisthenics, deep breathing and other tonic exercises, and that two hours a week be devoted to elementary military training by which boys would acquire resourcefulness and self-reliance.

He insisted that universal training of this order is essentially democratic, the boys graduating from service to command by easy stages on the merit system. He said military training does not necessarily imbue the boys with the military spirit, since less than 2 per cent of the graduates of the existing military academies adopt the army as a profession. Whereas, all boys who have had such training showed a marked improvement in many bearing, unselfishness, courtesy and physical well-being.

Ex-Judge York speaking against the measure, read from the work of an Englishman who wrote on the subject in that country's defense war. He said he was not a military man himself, and did not want to be; that he hoped there would never be an occasion when the country again required the services of a military man. He considered Mr. Copp a back-number; that the schools already have all the physical training necessary for health; that military training is injurious, that it creates a military spirit, that it is a moral hypnotism rather than moral inspiration. He said the calisthenics and gymnastics exercises, which salute it whenever it appears; that it is a moral hypnotism rather than moral inspiration. ## SCHOOL BONDS SALE LIVELY.

Eastern House Buys Balance of Two Issues.

Others Ask for More Time on Bids; Refused.

Much-needed Buildings will go up at Once.

Unusual interest in Los Angeles city general school bonds was shown yesterday afternoon, as bids of banks and bond houses were submitted. Before the bids were all in the Board of Supervisors were even asked to extend the time to permit additional premium offers, one house having offered the first premium on record for local 4 1/2 per cent. interest issues. The request was not allowed.

N. W. Halsey & Co., New York bankers through their local representative, W. B. Hunnewell, purchased the balance of the bond issue for high school improvement, voted a year ago and totaling \$792,000. On the first issue, maturing from July 1, 1916, to the same day, 1921, the company offered per cent. interest and a premium of \$284,700, and on the second, maturing from 1921 to 1926, the premium offered was \$219,500.

The first payment of \$451,000 will be made at once by the purchasers of the bonds. Thereafter, every thirty days, a payment of \$100,000 will be made, the purchasers holding an option to pay for the entire bond issue as soon as they are desired.

The first bid opened was from the Security Trust and Savings Bank, followed by another from the German-American Trust and Savings Bank. President Bordwell of the Board of Education stated that because of the apparent impossibility of market the bonds abroad, he with another member of the board had succeeded in interesting local capital so that much needed improvements might be pushed.

These offers were for parcels of the bonds at par with regular 4 1/2 per cent. rate of interest. Then came an offer for the entire balance from E. H. Rollins & Sons, Boston bankers, and the Torrance-Marshall Company. Finally one was received from the State American Trust and Savings Bank.

Chairman Neylan offered to take \$100,000 of each issue. In his letter accompanying the offer, he stated this offer was made largely to prevent discounting these bonds. "We are doing this purely as a matter of public policy, in order to prevent further sacrifice of Los Angeles school bonds," said the letter.

If such sacrifice should ever be resumed, we have erred in making this present investment," concluded the epistle, which was corroborated by a telegram received just after the sale had been ratified.

When the bid of the W. N. Halsey & Co. had been read, ex-Judge Bordwell suggested that some consideration should be given the local banks, that had volunteered to help out by making the purchase. A representative of E. H. Rollins & Sons asked that the date of the sale be deferred, inasmuch as his house would be willing to offer a premium, possibly above that already offered.

The Board of Supervisors ruled, on the ground that the sale had been duly advertised, it should go through, and that in the usual course of procedure the highest bidder, irrespective of locality of business, should get the bonds. Both bids of the Halsey Company were accompanied by certified checks of more than \$25,000 each.

"We will market the entire purchase in the East, which is doubly advantageous in that it brings foreign capital to Los Angeles," said Mr. Hunnewell, who also declared that the offer of a premium indicated better financial conditions throughout the United States than have existed at any time within two years.

Mr. Bordwell expressed gratification at the outcome and stated that the money would be immediately expended in the erection of two new high schools, one in East Los Angeles and another at Jefferson and Hooper streets, and on several much needed elementary schools, as well as the improvement of some of those already existing.

By unanimous vote the Board of Education last night presented President Bordwell and W. J. Washburn of the board, who assisted him, with a resolution of thanks, expressing appreciation of the expeditious way in which the transaction was handled.

CALL TEARS SANE.

Witnesses Say Prisoner who Wept When Soprano Sang Isn't Thereby Proved Deranged.

The fact that Manuel Alvarado cried when Ellen Beach Yaw sang for the prisoners in the County Jail is not proof of his insanity, according to Deputy District Attorney Shannon, who produced witnesses from among those in jail at the time who testified that they, too, had been moved to tears by the wonderful songs of the world-famous soprano.

When the case came up before Judge Houser yesterday morning three physicians on the staff of the County Hospital were also called by Public Defender Wood. They testified that Alvarado, who is accused of having killed his tent-mate, Juan Villa, sits for hours in his cell, weeping and staring at them while turned upside down, and without ever turning a page.

Alvarado, when called on to testify last week, refused to take an oath, and brought his trial to a sudden termination for the time being, at least. Further evidence as to his sanity will be heard today.

ARGUE OIL CASES.

Decision on Government's Plea to Amend Complaints Will be Rendered This Morning.

A flood of oratory swept through Federal Judge Bledsoe's court yesterday, on the motion of the government to amend the bills of complaint in four of the six land grant oil suits. At the conclusion of the argument, the court announced that a decision will be rendered this morning at 10 o'clock.

The most important amendment sought by the government is in the Coalinga case, filed December 12, 1912, in which it is sought to incorporate a body of 16,000 acres of land not covered in the previous complaint. It seems that the government has just discovered that the land was not covered in the initial bill. In this bill it is also sought to sue seventy-one more defendants.

In the Midway case, the government seeks to incorporate the names of five additional defendants; in the Midway-Selle Ridge case, seven additional defendants.

In the Coalinga, Midway, Elk Hills, McKittick cases and cases the government seeks to amend by not asking relief by cancellation as against purchasers who took deeds from the Southern Pacific Railroad Company without the mineral reservation, but ask that the railroad be compelled to pay for the oil that has been taken out of the land by these purchasers.

In the six cases there are 147 defendants, but if leave to amend is granted, the number of defendants will be 226. It is claimed on the part of the defendants that if the court allows the amendments to be made it will mean necessary an entire re-hearing of the cases affected, which will mean much delay and added expense on the part of all concerned.

ASK PROTECTIVE BOND.

Supervisors Seek to Avoid Personal Liability in Straightening Out Willowbrook School Trouble.

As a protection against any personal liability that might arise through a possible flaw in the \$5000 bond on the school building at Willowbrook, the Board of Supervisors yesterday demanded from the residents of that district an indemnifying bond of equal amount.

Willowbrook has recently finished erection of an eight-room school building, and in order to pay for it, issued a bond of \$5000, on which the contractor desires to collect. According to the judgment of County Counsel, there is a legal technicality in such a bond which might be straitened out by referring the matter to the Supreme Court, an action requiring about two years.

C. T. Allman, chairman of a large delegation of residents from that district, declared the contractor would be forced to bankrupt unless the board should take over the bond. In order to protect the board members collectively and individually, and to get the matter adjusted satisfactorily, the delegation agreed to give such a bond as the County Counsel deems necessary to meet requirements of the usual situation.

High-class Opium Joint Many Southland Cities.

Startling Facts Uncovered Smuggling Boom.

Large Rewards Offered Evidence to Convict.

The biggest boom in the history of the illicit opium traffic, according to customs officers who are investigating the case, is the case of Rums Mosholder, the owner of the San Diego yacht, an investigation which officers declare to be the climax of months of activity over him and of other yachtsmen of the same class, intimating that other arrests may follow shortly. Mosholder was convicted in the federal court under bonds of \$5000, Commissioner Burch.

The customs men say Mosholder did not supply ordinary "pitt jobs" but after "big game." They say they have positive evidence of the existence in San Diego, Riverside and other cities of a growing opium trade, and that the customs men are endeavoring to break it.

### SECOND ALEXANDER TRIAL

The second trial of Sol Alexander and Paul Reidy of Long Beach, charged with fraud in connection with payment of about \$3000 to Alexander by Mrs. Mary T. Eccles, will be held in Judge Trippett's court this morning. The men are facing a conspiracy complaint. At the former trial jury voted to convict Alexander but did not agree as to Reidy.

of the Diamond.

**BY A SPECTATOR.**  
The Morning Glories have no more fields to conquer. They defeated the Twilight Squirrels at the good old American game of football yesterday afternoon at Washington Park by the decisive score of 19 to 15. This triumph, coupled with two baseball victories and one defeat at any game, undoubtedly stamps them as the greatest athletes of all time.

**TWO MUCH BRAINS.**  
Just as had been forecast, superior mentality won the game. In spite of the effective line plunging and courage of the Squirrels, and their dogged resistance to end runs and tackle plays, the leadership of the opponents was their undoing.

Three long forward passes skillfully thrown by Angus and converted by Henry and Fuldwell resulted in a bigger score than the Squirrels in all their desperation were able to match. These plays had been thoughtfully worked out in legions in the small hours of the night, and were in no degree the result of actual practice on the field.

**FORWARD PASS.**  
The Squirrels kicked off to Waddell, who advanced the ball three and a half inches. From there it was a steady procession down the field for the Glories. Kind runs and short rushes advanced the platoon to the 35-yard line of the Squirrels. Angus then uncoiled a forward pass that would have done credit to an amateur college player. Henry took the ball on the dead run with three opposing players surrounding him, and he was able to dash over the ultimate plunk mark. He failed to kick the goal.

With the kickoff by the Glories the Squirrels began to show some real football. Fuldwell was unstopable in his short but effective lunges, and other Squirrels added and abetted him in forging down the field for a touchdown. The attempt at goal failed and the score was 6 to 6.

**SMOTHERED.**  
The Glories started out for another touchdown on the kickoff, but many of their plays were smothered by the Squirrels, who seemed to improve as the game progressed. A vigilant coach, by the use of signals too complicated for the officials to discern, reminded them that brain and not brawn was to win the game.

With less than a minute to play, the fourth down and fifteen yards to gain, the Glories again outwitted their opponents. It was another long forward pass by Angus and again the feet-footed Henry who completed the play for a touchdown. Mr. Henry's intellectual best suit the ball for over the bar for a goal. Score, 13 to 6.

**ARGUMENT.**  
The second half opened with a friendly discussion concerning the eligibility of Henry Mitchell to play in the Glories, and the standing of some of the Squirrels' men. It was finally decided that everybody should play, but the Glories magnanimously agreed that Mitchell should not be used in advancing the ball.

Mr. Mitchell finally lived up to the agreement. He played one of the most complacent and magnanimous games ever seen on a western gridiron. Not only did he refrain from rushing down the field with the ball in the style of which he is capable, but he set of no man on his head unless that man was the ball in his possession. Even so he proved somewhat of a stumbling block in the path of the Squirrels, who had started in to overcome the lead of the first half.

**MORE BRAINS.**  
The Glories scored again in the second half on a forward pass. Mentality again showed in Henry's prowess, and mindful of the two touchdowns he had made, every Squirrel watched him carefully as he sped down the field around the Squirrels' right end. With their attention thus diverted, Angus made a long pass over the other end to Fuldwell, who caught it on the 3-yard line. Waddell went over for a touchdown on the next play.

The score hopelessly against them, the Squirrels played great football in the last few minutes of play. With the aid of two penalties, some fine line plunging by Fuldwell and a forward pass they scored a touchdown. Renegade taking the sphere over the line. This was the end of the second half. The Glories took the ball down the field to their opponents' 35-yard line, but were halted in their march gallantly by the timekeeper's whistle.

**REAL HERO.**  
It was in the final minutes of the game that Fuldwell upset all the dope handed out by rival newspaper writers by proving not only that he can play football, but that his condition is good enough to finish strong. That was also true of the other players, and was also one of the remarkable features of the game.

Spectators noted that these newspaper writers, most of them long-time athletes, were in fine physical condition, and were able to play a full game at top speed all the way through. It furnished many a thrill, but never a joke.

The teams were indebted to the E. H. Gray Company for the football, and the L.A.A.C. and Manual Arts High School for the suits.

The line-up:  
Morning Glories: Tackle, L.R. Squire; Guard, L.R. Squire; End, L.R. Squire; Quarterback, L.R. Squire; Fullback, L.R. Squire; Running Back, L.R. Squire; Linebacker, L.R. Squire; Defensive Back, L.R. Squire; Punter, L.R. Squire; Kicker, L.R. Squire.

Who says "Bush League game." A snapshot taken at the Morning Glory-Twilight Squirrel football game at Washington Park yesterday. Burden of the Squirrels, at the right, is attempting to buck off tackle and a string of Glory stalwarts are coming to stop him, at the left. Needless to say, the Glories won, 19 to 15.

## After the Tiger. HUNS PRACTICE BY MOONLIGHT.

TOUCHDOWN EVERY PLAY IS  
STANTON THEORY.

When Man is Smeared it is Because Somebody is Falling Down on Job—Diagrams Have Important Part in Daily Workouts. Varsity Getting into Good Shape.

[SPECIAL CORRESPONDENCE.]

**CLAREMONT, Nov. 15.**—Pomona is preparing for the crucial football game of the season, to be played next Saturday, in which the Southern California conference title is at stake. If the Huns manage to defeat the Glories, the championship of this part of the State will remain at Pomona.

Accordingly, Coach Stanton is working early and late to prepare his varsity for the coming struggle. The disastrous defeat of last Saturday at the hands of Whittier left the members of the team rather stiff and sore, but no one was seriously injured. Coach Stanton hopes to stage a comeback next Saturday, and he will spare no effort to bring about this reversal of form.

**REGULAR STUFF.**  
He has a certain system, which he has worked every year for the last eight years with wonderful success. The old fog puts his varsity through a regular set programme every afternoon, and this method hasn't failed to produce a good team yet.

The first thing on the programme every night is a chalk talk in the training quarters. All of the varsity men are supposed to be in suits by 8:30 o'clock, and the coach spends the first part of the afternoon in giving them new plays, and working over the old ones. This chalk-board talk often lasts more than an hour, and is one of the most essential parts of the Stanton system. The secret of Coach Stanton's success has always been ability to analyze plays, and to build up defenses against an opponent's plays, and the means he employs in doing this is the chalkboard method. Every play is carefully worked out and explained, and every man is told what his particular duties are.

**SOME THEORY.**  
Coach Stanton works on the principle that every play should go for a touchdown if every man does his duty. Plays fail because some one man doesn't do what he is supposed to do. Each individual player, under the Stanton system, has his work cut out for him, and it is by means of these blackboard talks that these duties are pointed out.

Coach Stanton believes in plenty of scrimmage, for this is the nearest approach to actual competition that can be secured. He holds these practice games against the scrubs and the freshmen are really of more help to the varsity than games with outside teams, for it gives him more of a chance to use particular plays, which he wishes to test out.

**MOONLIGHT.**  
This scrimmage lasts often until long after dark. The coach even completes practice by moonlight for the coming week, for it will give him a few minutes more to work with his varsity. He makes every minute count, and drives his men from start to finish.

The final event on the programme is track work for such men as seem to be in poor condition. The Tigers will make two or three laps around the track is the best kind of a conditioner, and doesn't hesitate to prescribe this if he thinks a man needs it.

Coach Stanton plays the part of doctor for such men as have suffered minor injuries. He has a particular remedy for "charley horses" which the players have termed "ninety-horse-power" treatment. It is severe, but it gets the results. For sprained ankles, the coach has a method of bandaging with tape, which permits a man to play almost as hard as if he were uninjured.

**IN CONDITION.**  
This is the system under which the Huns will work for the coming week. Whether it can turn a losing team into a winner cannot be decided until the game Saturday. The Tigers will meet the Huns on the latter's home field, and this makes a big difference. In past years, many first-class teams have invaded Claremont prepared to take the measure of the Blue and White varsity, only to go to pieces before the onslaughts of the Huns.

The Sargeon varsity was not in the pink of condition for the Whittier game, but it will be more than ready for the Tigers when the referee blows his whistle for the title struggle Saturday.

**CAMBRIDGE (Mass.) Nov. 15.**—Harvard started its final week of football with a long blackboard talk in the locker building. It was by far the most elaborate hour-by-hour conference that Harvard has had so far with the varsity squad, dealing as it did with the big idea's importance in the game with Princeton, Stanford, other Harvard coaches, Coach Hahn and the varsity players followed every word of the talk made in the locker building. One Watson had provided himself with a pile of field glasses and looked on every movement of the players on the field.

## WILSON WANTS BEAR GAME.

Coach Wilson of the Whittier College team announces that he is after a date with the University of California.

The whole town of Whittier is so tickled over last Saturday's victory that some of the staid fathers even wanted to send for the Yale aggregation.

Wilson thinks that while California has a great team his men are far ahead in experience and wishes to take on the Bears Saturday after their Thanksgiving Day game with U.S.C.

Assistant Coach Fans Students for Allowing San Francisco Papers to Stampede Them—Washington Game is Held up as Vindication of Schaeffer—U.S.C. Battle Next.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

**BERKELEY, Nov. 15.**—Several thousand students, aided by a brass band, gave vociferous welcome to the varsity team, which returned tonight from Seattle. The team was transported on the shoulders of fans to the campus, where an impromptu rally was held. Schaeffer was not in the crowd and did not attend the rally. Speed remained in Seattle, and speech-making fell to "Doc" Smith and Charles Volk, trainer.

Smith said: "I want to get something off my chest. I am not dependent and I don't care what I say to you, or whether you like it or not. You have been stamped by San Francisco newspapers. The stuff that would be laughed at like Mutt and Jeff if it were run in the East. They don't know the game, and yet they presume to advise you how to select a coach, and then to tell him what he should do."

"You have to make a choice now. If you continue to allow scribbles to control your opinion, and to make them for you, you can never have a successful coach here."

"The team seemed to get an understanding of what we have been trying to tell them all season when they faced Washington. Doble himself admitted that Washington was outplayed. I don't believe in all this, but the game was certainly a tie as far as real playing went."

"This is a vindication of Jimmie Schaeffer. The team had the knowledge, but they didn't know how to apply it."

"The 72-to-0 score was a bitter bite, but it taught the varsity real football and got into action what the coaches have tried to teach in lecture papers. It is to their own college, called it the hardest and best game seen on Denny Field for years."

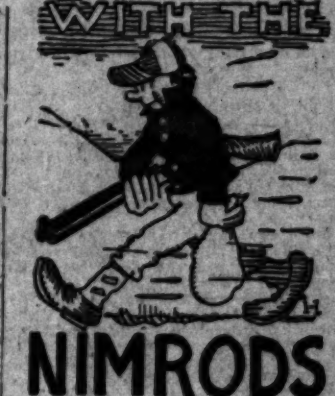

"The varsity will take a vacation until time for the U.S.C. game. The Goofs, the second team, will make the trip to Reno to meet Nevada on Saturday."

**NEW YORK, Nov. 15.**—Willie Hoppe won the first match of the handicap 18.2 balking billiard tournament, which began here tonight, when he defeated Koji Yamada, 560 to 163. Yamada had been given a handicap of 125 points. Hoppe's high run was 278, and Yamada's 20. The averages were: Hoppe, 32.2-5; Yamada, 25.

Tomorrow, Welker Cochran will meet Joseph Mayer, and George Sloss will play the second match of the tournament will be completed November 22.

Last year it was a ground of complaint that Denmark had sold too many horses as she herself would be in need of them. It is now stated that she has some 40,000 to spare. Her usual export amounts to 25,000 horses annually. Seven breeders' associations have petitioned the government of Denmark for permission to export, as there is a shortage of fodder, and farmers have sustained great losses.

(SPECIAL CORRESPONDENCE.)  
SAN DIEGO, Nov. 15.—Hidden by a mass of flowers and greenery upon the Plaza de Panama at the exposition yesterday was a huge white auto truck on which rested the Liberty Bell. The mass of flowers and greenery has but small resemblance to an auto truck, yet about the truck hangs an interesting story. Months before the Liberty Bell started on its long journey from Philadelphia, William H. Bell, chief of the bureau of city properties of Philadelphia and custodian of the Bell, began to consider how the precious relic could be transported. After arrangements had been made for a specially constructed car on which to carry it came the question of moving the Bell from its resting place to the car in Philadelphia. Here the

parade to the exposition was headed by a White 48 touring car in which were Custodian Bell, Director-General E. A. Chapin of the exposition, Mayor E. M. Cappa, and O. R. Fuller.

(SPECIAL CORRESPONDENCE.)  
POMONA, Nov. 15.—With a lead of thirty-seven points, the rifle team of Co. D in this city defeated three visiting rifle teams on the Pomona Heights range Sunday afternoon, winning for the third time the battalion cup trophy, which now becomes the permanent property of Co. D. The cup was donated seven years ago by Maj. W. W. Midgley of this city, and it was no more than might be expected that the riflemen of his home company would gain permanent possession of the trophy.  
The Pomona rifle team scored a total of 143 points. San Bernardino made 118, Redlands 104, and Riverside 107. High individual score for the afternoon went to Sgt. Brown of this city. He made 137 points. He was high man at 300 yards with 49 points. Corp. Cook of Redlands was high at 400 yards with 49, and Sgt. Deane of San Bernardino and Corp. Campbell of this city shot a tie at 400 yards with 47 points to their credit.

**PRELUDE**  
This morning at 9 o'clock, as a sort of prelude to the show will be held a monster truck parade, in which practically every type of motor vehicle being used in Los Angeles will take part.  
The trucks in the parade will go to their regular places of business in the morning, and make the parade under full load. The regular morning deliveries will be made by the carriers immediately after the parade. This plan will enable every merchant in Los Angeles to enter his machine. Packard trucks will be exhibited by Earle C. Anthony, Inc.  
The Don Lee Company will have the largest amount of floor space at the show, a space of 10,000 feet being reserved for them. A full line of electric, as well as gasoline trucks will be exhibited by this firm.  
**A FEATURE**  
Los Angeles-built trucks will feature the exhibition of the Moreland company, who will show their full line of commercial vehicles. The M. S. Bullock Company will exhibit several complete Autocar trucks, a stripped chassis, the Rider-Bullock tractor and the Knox tractor. This exhibit will be one of the largest and most complete of the show.  
The Carlton-Paulkner-Bowles Company has just received a new shipment of the Jeffery Quad trucks, and will have a complete line on exhibition at the show. A large space near the entrance has been reserved for this car.  
The showrooms, which have been attractively decorated, will be open from 10 a.m. until 10 p.m. daily during the show. Music will be furnished during the afternoons and evenings.

L. A. HIGH AND U.S.C. STAR DECIDES HE WILL GO NORTH.  
Pitcher Louis Cowan of the U.S.C. law school has announced his intention of entering the University of California next year. For a time he will attend the Berkeley High School to make up some needed credits. Cowan, who was asked to sign up by two big-league clubs, is attending a northern school because his uncle graduated from it and wants his nephew to play on a Bear team.  
The handball 18.3 ball line billiard tournament will be started in New York November 15, and end November 23. Champion William F. Hoppe, holder of all the ballline trophies, is on scratch, with 500. Fifteen games will be played. George Sutton will play 400, against George F. Sloan's 375, and also against Yamada, Sutton will also play 400, against 275 by Joe Meyer, and 400 against 300 by Walker Cochran.

**BOBBY DAVIS JOINS OAKS.**  
SAN FRANCISCO BUREAU OF THE TIMES, Nov. 15.—Manager Rowdy Elliott was around and busy as usual. He was in conference with practically all the magnates, and at the conclusion of the day's work he had secured Bobby Davis, the Portlan infielder. Rowdy put through a straight purchase deal with McCredie.  
"I'm taking a gamble that Davis' injured knee will be O.K.," said Rowdy. "I consider him one of the best infielders in the league last season. To show you how well I thought of him, I recommended him to no less than five major league clubs. Of course, if his leg doesn't hold up I will be shy a player. If it is all right, however, he will just about make our club."  
"It is only right for the Oaks to take Davis," further explained Secretary Jack Cook, "for it was a collision with Elliott in which Davis was injured."

LOS ANGELES STOCK EXCHANGE.

Heavy Trading in Citizens' National.  
Union and Associated Decline.  
Sharp Advance in Tom Reed.

An unusually large amount of Citizens' National stock changed hands on the local exchange yesterday. Fifty shares were transferred at the afternoon session at 245.00, and a like amount was sold offboard at the same quotation. This makes the heaviest trading in the list for some time.

Union and Associated declined. The stock in large blocks at 70.00. Ten shares of Associated brought 64.50, and 1000 shares of White Star sold for 12.50. Tom Reed was much stronger and an advance of 33 points over last Friday's sales. The improvement is attributed to the breaking into the main vein of the Black Eagle claim last Sunday night, on the 500-foot level, after hope of finding the chief ore body at that depth had been all but abandoned. Lucky Boy was a seller at 14.50, but the other Outman issues were inactive. Demand for Oil continued, and 3000 shares of the stock sold for 25.00. Los Angeles improved, and after opening half a point higher.

## At the Courthouse. WEDDING BELLS ARE NOT HERS.

JILTED, SAYS NURSE, AFTER SHE  
LENDS MONEY.

Gives up Own Business, Also Her  
Savings, and Works for a Small  
Salary to Help Man Who Promised  
to Marry Her and Then Weds An-  
other, Is Charge.

Alleging that he sought her hand  
in marriage, but jilted her by marry-  
ing another girl, Mabel C. Ackerman  
brought suit against Charles F. Ay-  
cock yesterday for \$27,835 damages  
for alleged breach of promise. In  
consideration of his promise to marry  
her, she alleges that she gave Mr.  
Aycock \$2500. This is included in the  
amount asked for.

Miss Ackerman is a nurse. Her  
story, as told in the complaint filed  
through Fleming Law & Hall, is that  
from May, 1911, to November, 1914,  
Mr. Aycock wanted to marry her. The  
first proposal was accompanied by the  
representation that he was a single  
man. It developed, according to Miss  
Ackerman, that he was not legally  
free and did not intend to marry her  
until December, 1914. She says the fact  
that he was married was unknown to her.

He married Carrie Van Gosenbeck  
instead of her, and she claims that  
the marriage was a sham, and that  
she was used as a decoy to attract  
money. She claims that she was  
married to him in 1914, and that  
she was a nurse in the hospital where  
he was working. She claims that she  
was a nurse in the hospital where he  
was working, and that she was a nurse  
in the hospital where he was working.

This incurred expense of \$545 was  
caused, it is alleged, because she con-  
fided in his promise to marry her.  
April 15, 1915, Miss Ackerman states  
that she gave Mr. Aycock \$2500 with the  
understanding that he was to marry  
her and the promise that he was to  
put the money in his business. This,  
she says, was the sole reason for the  
loan.

## FOR HARVARD. LEAVES TRUST FUND.

In a carefully prepared will, Mr.  
J. Tower, who died in New York  
and who held property interests in  
this country, paved the way for a sub-  
stantial trust to be applied to the  
interest of science by Harvard University.  
Mr. Tower died May 4, last.  
The petition filed by Eudora N. Tower,  
his widow, for the appointment of an  
administrator of his estate, was filed  
yesterday. The value of the estate in excess  
of \$50,000. The heirs are the widow,  
Mrs. Eudora Tower, and her two sons,  
Alma and Clarence Tower. The widow  
resides at Annapolis, Md.  
During her life or until she re-  
marries, she is to receive the interest  
and income from the estate of Abner  
J. Tower. Upon her death or remar-  
riage, this interest goes to the brother  
and sisters and upon their demise, Mr.  
Tower's share in the estate is be-  
queathed to the trustees and over-  
seers of Harvard University as trust-  
ees of the former funds of the Wal-  
ter R. Story income, to be used as  
deemed advisable by the trustees for  
investing the same and cure of  
arthritis or research into the cause  
or cure of diseases of the joints.

## MAY PLAY WITH CHILD. WIFE'S BAN IS REMOVED.

Just because the wife of C. C. Bren-  
ner, who has sued him for divorce,  
made it hard for him when he called  
to see their child, a lot of 3 years,  
Judge Monroe yesterday amended a  
court order, which allows him to take  
the child wherever he desires on his  
weekly visits. The former order bound  
Mr. Brenner to the grounds of the  
child's home on his visits.

The changing of the order came  
about after Mr. Brenner appealed to  
the court that these things confronted  
him when he called:  
Mrs. Brenner would not awaken the  
child so that he could play with her.  
If he took her twenty feet from the  
house, she was right there to take  
her back.

## WANTS WIFE BACK. THEN HE'LL BE HAPPY.

The happiest man in Los Angeles,  
according to A. Johnson, a carpenter,  
would be himself if his wife would  
come back. He made this statement  
in Judge Monroe's court yesterday  
when the question of paying his wife  
alimony was under discussion.  
There was separation after a quar-  
rel, he said, and the fuss was  
brought about because he did not  
want Mrs. Johnson to get wet when  
she went to see her mother.  
Mrs. Ida Johnson did not seem dis-  
posed to make her husband the hap-  
piest man in Los Angeles. She did  
not care about going back home, be-

cause she said he had threatened her.  
She wanted the community property  
divided. This was agreeable to Mr.  
Johnson, and the court made an or-  
der, directing that each should deed  
to the other an undivided half of their  
property. Mr. Johnson is to remain  
in possession of the home, because he  
had been willing to take his wife back.

## SEARCH ENDS. FIND WEALTHY WOMAN.

A search started three months ago  
came to an end yesterday when At-  
torney Cohen & Hosick obtained service  
of papers on Mrs. Eliza Connelly Wal-  
dberg, a wealthy woman, in the guard-  
ianship proceedings instituted by her  
children, Mrs. Mary Connelly Wald-  
berg and Joseph P. Connelly. Mrs.  
Farrell is said to have been located  
in Riverside. She has been ordered  
to appear in the Probate Court next  
Monday to show cause why a guar-  
dian should not be appointed to take  
charge of her property. The latter is  
estimated to be worth \$150,000. The  
matter is complicated by the fact that  
after the petition was filed in Aug-  
ust, Mrs. Connelly married Sam Far-  
rell, the manager of her property.

## WIFE WINS AGAIN. CAPITALIST STILL FIGHTS.

William J. Sherriff, capitalist, whose  
marriage to a second wife led him into  
the divorce court, said to Judge Mon-  
roe yesterday when the question of  
attorney's fees was up, that every-  
thing he has is incumbered with li-  
ens. He is simply trying to save the wreck  
of his fortune.

In the legal tangle since her mar-  
riage, Mrs. Laura Sherriff has been  
victor in the courts, winning a sepa-  
rate maintenance suit, successfully  
contesting Mr. Sherriff's divorce action  
and as successfully opposing his mo-  
tion to set aside a deed to \$50,000  
worth of property, one of the alleged  
considerations of the marriage.  
Mr. Sherriff has appealed from the  
judgment of the court in the deed suit.  
He filed a second complaint for di-  
vorce, which is pending. Attorney  
Blackstock, counsel for Mr. Sherriff,  
said he was to have received \$1000  
for the suit, but the actual amount  
resolved on the trip was sufficient only  
to pay her expenses.

This incurred expense of \$545 was  
caused, it is alleged, because she con-  
fided in his promise to marry her.  
April 15, 1915, Miss Ackerman states  
that she gave Mr. Aycock \$2500 with the  
understanding that he was to marry  
her and the promise that he was to  
put the money in his business. This,  
she says, was the sole reason for the  
loan.

## IN GERMANY. MAY TANGLE WILL CASE.

The fact that two nephews and two  
nieces of the late Frederick Emile  
Jepson, who left an estate of \$75,000,  
are in Germany, may cause some com-  
plication when the estate is finally  
administered. Mr. Jepson died on the  
5th inst., and yesterday his widow,  
Mrs. Elsie Jepson, filed a petition for  
letters of administration.  
The property consists of mortgages,  
stocks, lots and nine houses at San  
Francisco. The heirs are Jacob, Carl  
and George Jepson, and Jacob and  
Christian Nelson, nephews. The lat-  
ter two, with Esther Miller, wife of  
Christian Nelson, are living in Germany.

## LARGE ESTATE. WORTH TWO MILLION.

The will of Albert M. Murphy of  
No. 909 South Madison avenue, Paaden-  
a, who died October 19, was filed  
yesterday for probate. The petition  
accompanying the will, filed by John  
H. Emmert, executor, stated that the  
estate is valued at \$1,000,000, but it is understood  
that the actual holdings aggregating  
nearly \$2,000,000.

The estate is left in trust to the  
petitioners. Mrs. Emma S. Murphy,  
the widow, is to be permitted to keep  
the residence. The trustees are to  
provide for Mrs. Addie N. Broughton  
of Long Island. The trustees are em-  
powered to make the estate and to  
pay Mrs. Murphy as long as she lives  
or until she remarries, \$2500 an-  
nually. They are also to pay to Mrs.  
Broughton a similar annual sum. The  
remainder of the estate is to be di-  
vided among the children.

February 1, 1915, the trustees are  
to set aside \$50,000 for Mrs. Murphy  
and a similar sum for Mrs. Broughton.  
It is declared in the will that the  
agreement of the late Simon J. Mur-  
phy, father of Albert M. Murphy, made  
December 17, 1912, and known as the  
Murphy family trust, shall be  
carried out. If any of the children  
contests this condition they shall for-  
feit their interest in the estate.

## THE CHILDREN ARE BLANCHE N. AND ELDRIDGE N. MURPHY, BESSIE D. HICKEY, WALTER M. MURPHY, BUIDETTE D. MURPHY, ALICE E. SPENCER, IRENE S. MURPHY, CLARENCE H. MURPHY AND DONALD M. MURPHY.

BY TELEPHONE.  
Judge Monroe is believed to have  
established a precedent yesterday  
when he used the telephone to swear  
in Dr. W. P. Dresser and heard him  
testify that a patient was too ill to  
appear in court. During alimony  
proceedings in the divorce suit of  
Mrs. Kathryn Houck Cresswell against  
Frank W. Cresswell, a physician and  
contractor, the testimony of a Mrs. Reed  
was considered necessary. She was re-  
ported to be in Dr. Dresser's office.  
"Hold up your right hand," ordered  
the court after he had got a wire  
to the physician's office.

"It is up," replied the physician,  
and the oath was administered. The  
court reported that Dr. Dresser had  
testified Mrs. Reed was too ill to come  
into court.  
Mrs. Cresswell asked \$300 a month

alimony, basing her demand on her  
husband's alleged income of \$12,000 a  
year. It was shown that property  
standing in her own name had been  
transferred to a son by former mar-  
riage, and the court denied the de-  
mand.

The Cresswells, who married in  
September, 1909, separated September  
25 last. Mrs. Cresswell, in her suit,  
alleges cruelty. With reference to the  
property transferred to her son, she  
says this was done as security for a  
loan, declaring that she desired the  
money to thwart a plot. This alleged  
plot was to get her out of the State.

## DECEIVER PAYS. HE'S A MARRIED MAN.

Verne Coates of Long Beach was  
married and living with his wife and  
family at the time he proposed to  
Miss Fern Field, and yesterday she  
was given \$2000 judgment in her \$50-  
000 divorce suit against him. Judge  
McCormick based his decision on the  
fact that there was no allegation in  
the complaint that Miss Field knew  
Mr. Coates was married, and that it  
was shown she did not know he had  
a wife. The court ruled on the ground  
of public policy a married man cannot  
falsely represent himself as a single  
man and deceive her, rendering her  
without a sufficient remedy.

Mr. Coates was represented at the  
trial by an attorney, but put in no  
defense. The testimony showed that he  
met Miss Field in Denver, where she  
was employed as a manicurist; that  
the acquaintance ripened rapidly into  
love, and as a result Miss Field, he  
proposed and was accepted.

The queer angle of the case was  
the endeavor on the part of Mr. Coates  
to lead Miss Field to believe that he  
was in hospitals at the point of death  
when, it seemed, he was in the best  
of health. It became known that  
he was living with his mother, Miss  
Field, that her son had a wife and  
family, which was the first indication.  
He declared he was other than he  
appeared. Milton M. Cohen repre-  
sented Miss Field in the suit.

## NEW TRIAL ASKED. IN EXTORTION CASE.

When P. D. Clouser, found guilty  
last Saturday of attempting to extort  
\$1000 from Luther Runney, appeared  
before Judge Craig yesterday morning,  
his attorney made a motion for a new  
trial and the judge stated he would  
rule on this next Monday morning.  
Clouser also attempted to threaten  
Runney into giving him \$1000. These  
two young sons to Mrs. Runney after  
the court had awarded them to the  
father in a recent divorce action. A  
letter written by Clouser to Runney  
stated that Runney had bribed judges  
in getting decrees favorable to his af-  
fairs.

## BOTH TO GO TO PRISON. REFUSE CLEMENCY.

George Carter, who pleaded guilty  
of the theft of two rugs, valued at  
\$242, from the Peace Brothers Fur-  
niture Company and refused to con-  
sider probation, was sentenced to  
three years in Folsom by Judge Craig  
yesterday morning.

W. A. Small, who also refused to  
apply for clemency, was given four  
years at San Quentin after having  
pleaded guilty to a charge of forgery  
of the names of C. J. Smith and Samuel  
Rockwell of the Pacific Wharf &  
Storage company. He checked \$12,000,  
which sum he collected from P. E.  
Wood. He served seven years in the  
same prison on a previous conviction  
for a similar crime.

## INS AND OUTS. ABOUT THE COURTS.

NO DAMAGES. H. J. Lewis sued  
by H. H. Holdaway for malicious  
prosecution, which was the subject  
of the trial of the suit by Judge  
Hewitt yesterday. Mr. Holdaway  
asked \$100,000 damages, basing the  
action on the arrest last year when  
he was charged with having obtained  
money by false representation. The  
charge was dismissed in the justice  
court. Mr. Lewis had the judgment  
of the justice court reversed by the  
superior court, who was president and  
general manager of the Universal Tire  
Company, induced him to buy stock  
of the company, and represented the  
condition of the company.

## BITTEN UP AGAIN TODAY. GEORGE BITTEN, A SO-CALLED PRIVATE DETECTIVE, CHARGED WITH THE EMBEZ- ZLEMENT OF \$500 FROM MRS. ELIZABETH D. MURPHY, ALICE E. SPENCER, IRENE S. MURPHY, CLARENCE H. MURPHY AND DONALD M. MURPHY.

George Bitten, a so-called private  
detective, charged with the embezz-  
lement of \$500 from Mrs. Elsie Levy,  
D. Murphy, Alice E. Spencer, Irene  
S. Murphy, Clarence H. Murphy and  
Donald M. Murphy, was recently held  
to answer to the superior court on a charge  
of having obtained \$250 from the same woman  
by false pretense. In default of bail  
of \$1000 he was remanded to the  
county jail when arraigned on the second charge.

## GOES OFF CALENDAR. IN JUDGE TRIPPE'S COURT YESTERDAY THE MOTION OF HARRY CHANDLER AND WALTER K. BOWKER FOR A BILL OF PARTICULARS IN THE CASE OF BALTHAZAR AVILES AND OTHERS INDICTED FOR ALLEGED VIOLATION OF THE NEUTRALITY LAWS, WENT OFF THE CALENDAR. THE TRIAL OF THE DEFENDANTS WILL NOT BE SET UNTIL JANUARY, AND THE MOTION CAN BE HEARD LATER.

## At the City Hall. REROUTING OF STREET CARS.

PUBLIC UTILITIES BOARD IS  
WORKING ON PLANS.

General Changes in the Business  
District to be Effective Next Month  
are Proposed to Eliminate Curves  
and Turnbacks on the Congested  
Streets.

President Lane and Traffic Engineer  
Howell of the Public Utilities Board  
are preparing plans for a general re-  
routing of the yellow cars through the  
business district. This schedule will  
likely go into effect about December  
10, according to President Lane, and  
the changes will be designed to elim-  
inate curves and turnbacks from the  
north and south streets in the con-  
gested district.

Plans for rerouting as presented  
by the Los Angeles Railway will be  
modified in many respects by the  
Utilities Board because, according to  
President Lane, adoption of the com-  
pany's plans would bring a storm of  
protest from various interests in the  
district. The testimony showed that he  
would either be injured or would  
believe they were hurt by the changes.  
In connection with the rerouting  
scheme for the yellow cars, President  
Lane called attention to the fact yester-  
day that the Pacific Electric will let  
contracts next month for improve-  
ments at the rear of the Pacific Elec-  
tric Main street station. These im-  
provements, including elevated ter-  
minals and tracks through to San  
Francisco street station, will be con-  
sidered in the business district and  
it is no more than fair to require the

yellow cars to go their share towards  
clearing the congested streets. In de-  
vising the changes for the yellow cars,  
President Lane is watching develop-  
ments in the movement for the open-  
ing through Bunker Hill so that when  
made, this year's routing changes will  
later conform to the improvements  
that will come with the completion  
of the open cut.

President Lane said yesterday that  
he believes the cut through Bunker  
Hill as now proposed will go a long  
way towards solving the transporta-  
tion problem in the business district,  
and when First and Second streets are  
cut through, the other streets will  
follow suit.

## FOR INSPECTION. NEW ORDINANCES UP.

Provisions of the new boiler  
elevator inspection ordinances pro-  
posed by the Board of Mechanical  
Engineers that have been under dis-  
cussion before the Council for a year  
or more, were discussed yesterday by  
Councilman Wheeler and a delegation  
of casual insurance agents. Mr.  
Wheeler explained that, inasmuch as  
he had been chairman of the Public  
Utilities Committee of the Council last  
year and is familiar with the ordi-  
nance, he had been asked to serve  
with the present Public Welfare Com-  
mittee in considering the ordinance.  
Copies of the two measures were  
turned over to the insurance men and  
they agreed to return them with their  
suggestions and criticisms next Fri-  
day.

In drafting the ordinances which  
seek a separation of the work of in-  
specting boilers and elevators, provi-  
sion is to be made whereby inspectors  
for the casual insurance companies  
are to be made deputy city inspectors  
to serve without pay from the city.  
A bond of \$5000 will be required from  
each inspector and by accepting the  
reports, the city will save to the build-  
ing owner the \$10 fee that must now  
be paid for a second inspection by the  
city. This feature, advocated by  
Councilman Topham, will, in his  
opinion, meet with general favor. If  
the insurance inspectors are de-  
puty city inspectors, they will be re-  
quired to report to the city any in-

stances where owners of boilers or  
elevators refuse to make repairs or  
changes and whenever insurance is  
refused or cancelled, the city may  
order an immediate special inspection.

## Out Down Flushing.

The Finance Committee yesterday  
recommended an appropriation of  
\$1000 for the lease of a vacuum street  
sweeper to be used in the southwest-  
ern part of the city in an effort to  
eliminate so far as possible the flush-  
ing that floods the West Jefferson  
street district. Chairman Topham of  
the Public Works Committee urged  
the appropriation saying he believes  
the plan deserves a fair trial in view  
of the many appeals for relief from  
citizens in the district that is damaged  
by flushing. The movement to use  
vacuum street cleaners also has  
approval of the automobile interests  
and if the machines prove practical  
and economical, the next budget com-  
mittee will be asked to provide for a  
general change from flushing to the  
new machines.

## Hearings Postponed.

Delegations pleading for the life  
of the crowing rooster waited on the  
Public Welfare Committee of the  
Council yesterday along with others  
interested in the anti-rooster ordi-  
nance, but because of the Liberty Bell  
parade and reception, the public hear-  
ing was postponed. The anti-hill  
runner ordinance and the social li-  
quor license ordinance, also before  
this committee, went over for another  
week.

## SIX WAYFARERS HURT.

While driving home from an ex-  
cursion into the city to see the Liberty  
Bell yesterday, six persons riding in  
a wagon were hurt when a street car  
struck the vehicle as it was approach-  
ing the North Broadway bridge. The  
victims are Antonio Riolo and his  
three children, No. 416 North Avenue,  
Twenty-six; A. Adragna, No. 1319  
Norfolk avenue, and William Matan-  
gelo, No. 1618 North Avenue Twenty-  
six. None of the injuries is serious.

## FACING SENTENCE SLASHES.

AUTOMOBILE BANDITS  
SAD ACT PROSECUTOR  
GIRL'S DEATH.

Cecil Murray, convicted of the  
murder of a girl, was yesterday  
before Judge Craig for sentencing.  
Murray was charged with the murder  
of a girl, who was killed by a band of  
automobile bandits. The girl was  
wearing boys' clothing and was  
guarding a place where a band of  
automobile bandits were hiding. The  
case was a sensational one, and the  
public was greatly interested in the  
outcome. The judge, in his opinion,  
stated that the evidence was con-  
vincing, and he sentenced Murray to  
life in prison. The case was a  
major one for the court, and the  
public was greatly interested in the  
outcome. The judge, in his opinion,  
stated that the evidence was con-  
vincing, and he sentenced Murray to  
life in prison.

## KING LOSES BATTLE.

The Supreme Court has today  
petition of Maurice A. King for  
review, in the action brought by  
King against the Superior Court  
involving a charge of King's  
violation of the order of the  
Attorney General, which was  
issued by the Attorney General  
and the Supreme Court.

## WILL GO MORE THAN HALF WAY WITH ENTENTE POWERS TO END CARNAGE.

ATLANTIC CABLE DIRECT WIRE-

LONDON, Nov. 16.—From an ex-  
tremely well-informed source it  
is learned that a definite move-  
ment in the direction of peace by the  
entente powers is in contemplation,  
not even actually in preparation.  
The agency by means of which  
Germany and her allies will seek to  
approach the entente powers has al-  
ready been selected by Wilhelm  
himself, and, though it cannot be  
officially stated that the American  
movement is the chosen instrument,  
it is an indication, according to the  
New York Times correspondent's in-  
formation, that Berlin's eyes will be  
cast hopefully on Washington.  
The preliminary negotiations  
which show that President Wilson's  
readiness to act would be con-  
sidered or restricted by the conven-  
tion arrived at on data available,  
his mediation was unlikely to be  
possible to one section of the war-  
time government. It is probable that

Baron St. Davids Declares  
Headquarters Who Should  
Men's Blunders.

BY ATLANTIC CABLE

LONDON, Nov. 16.—Charges of in-  
competency and neglect of their  
duties were brought against the  
British warships in France by Baron  
St. Davids, who is the French com-  
mander in the House of Lords this  
evening. His attention had been called  
to the reports alleging that during  
the recent fighting there had been  
many complaints as to failures of the  
warships.

Lord St. Davids asserted that men  
were added to the staff for no  
reason, and that the British warships  
were in a state of disrepair. He  
said that the British warships were  
in a state of disrepair, and that the  
British warships were in a state of  
disrepair. He said that the British  
warships were in a state of disrepair,
